## The ACE Learning Collaborative for Buncombe County

It takes EVERYONE to prevent and respond to ACEs. If ACEs or resilience matters to you for any reason, join us at our OPEN monthly meetings:

2nd Thursday of Each Month, 8:00-10:00 a.m. at Mission Children's Outreach Hospital, 11 Vanderbilt Park Dr, Asheville, NC 28803

We are community leaders, public health professionals, parents, people of faith, grass roots organizers, affected people, and more. We want to meet with diverse groups that reflect all aspects of our county. We hope to see more people discuss Resilience and ACEs in their daily lives to help communities begin to build resilience, as well as break the cycle of ACEs in families and in our community.
